RAYONG

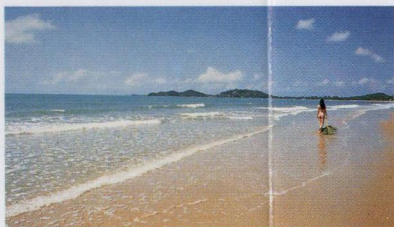

PALMERAIE

An unhurried 3 hours drive from Bangkok through lush plantations and along uncongested routes, Rayong has some of the last unspoilt beaches on the East Coast. The province has long been famous for its natural charm and beaches of magnificent powdery sand. The tranquillity of this tropical paradise is now yours.

The **Palmeraie Beach Hotel** is located on a palm-fringed shoreline with clear unpolluted sea. At your feet lie 3 kilometres of clean white sand where beach-combers can take a stroll and pick up a seashell or two.

The Palmeraie Beach has been designed as a relaxing retreat allowing for maximum privacy which is difficult to find in a larger resort hotel.

All of our 60 superior rooms and 5 suites have panoramic views of the Gulf of Thailand. With wall-to-wall carpetting, each room is a generous 34 sq.m., which leaves ample space for the sitting area. The rooms are separate from each other, and are fully equipped with all amenities, including individually-controlled airconditioning, Cable TV with a good selection of in-house video programmes, telephone, piped-in-music, and fully-stocked refrigerator

HOLIDAYS

In Undisturbed Luxury

Right on the beach front, our restaurant offers gastronomic pleasures in a variety of cuisines, from freshly prepared seafood to exotic Thai and a range of sophisticated continental delicacies. You can savour

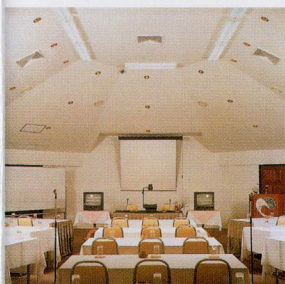

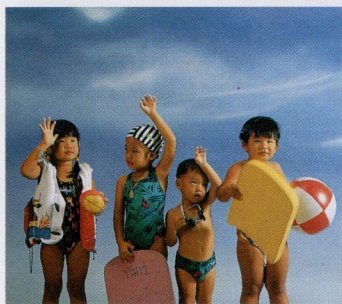

your favourite dishes within the restaurant or, more romantically, on the beach terrace. A few relaxing drinks can be enjoyed in the Lobby Lounge overlooking the Lush tropical garden with its unique collection of palm trees surrounding the pond of rare carps.

A range of recreational and sporting activities awaits you at our sports counter, a swim in our free form pool, with a separate children's pool, tennis, wind-surfing, children's play ground, karaoke room and table top games.

And for your added pleasure, our tour-counter offers a selection of day trips to nearby destinations

The hotel is also equipped with modern facilities for holding conferences for up to 80 participants.
